

Welcome Back

I hope you have had a good Summer and are looking forward to a new school year! I am really excited about our topic and can't wait to see you back in the classroom. Here's to a great Autumn term.

Mr Barlow

Our topic is **The Romans**

This will link with many areas of the curriculum and will be part of our daily English lessons. We will be writing a story about a Roman discovery, a Newspaper report about the founding of Rome, alternate story endings, a diary entry, a recount and will be writing a Roman myth.

Children will also learn all about the romans in History and Geography.

Forest school will be on a **Wednesday afternoon**.

Please ensure your child comes to school **wearing** trousers suitable for forest school and school uniform on top. Please bring waterproofs and wellingtons to change into, in a bag.

PE days will usually be **Tuesday** and **Friday**.

This term we will be working on tag rugby and dodgeball

Please come to school in your PE kit.

We will be outdoors when possible, so ensure you wear trainers and warm jumper.

Reading

Please ensure your child reads at home at least 3 times per week - this only needs to be a small amount, asking a question about what your child has read would be so helpful in developing their comprehension skills. When your child reads at home, please update their school planner with the pages read.

Science

In science we will be learning about plants.

We hope to develop investigation skills and think about super questions to help us to learn.

Maths

We will be focussing on place value, addition, subtraction, multiplication, division and geometry.

RE

Will be looking at Hinduism, learning about their special times.

Music

In music we will be looking at pentatonic melodies and composition.

French

During French we will learn different types of greetings.

Art / DT

During art we will be looking at sculpture and making our own roman shield.

DT will be all about textiles, we will create a roman purse.

Computing

In computing we will be looking at e-safety. and coding.

PSHE

Will be looking at a healthy lifestyle.
