Cedar Class Newsletter

Alveley Primary School

Welcome Back

I hope everyone enjoyed the break away from school and had a relax! The children have been very excited to learn about the new topic and we have been talking about what our personal aspiration for the term is.

Myself, Mrs Watling and Miss Sherry are very excited to continue learning together.

Our topic for this term will be <u>All Around the World.</u>

This will link with many areas of the curriculum and will be part of our literacy, geography and history lessons.

Forest school will be on a **Friday afternoon.**

Please ensure your child comes to school with their kit to change into. Please bring waterproofs and wellingtons to change into, in a bag.

PE will be on a **Wednesday**.

This term we will be working dancing in different ways!

Please come to school in your school uniform.

We will be mainly indoor for our sessions so please bring something appropriate.

Reading

Please aim to read at home at least three times a week. Children will read regularly with adults in school also. When your child reads at home, please update their school planner with if they have practiced their reading of their spellings, we will do the same at school.

What we are covering in each subject

<u>Literacy-</u> We are learning about the story called Handa's Surprise and adapting it to create our own version.

<u>Science-</u> We will be focussing on plants and learning about what they need to survive.

<u>Music-</u> This term will listen to, learn and perform call and response songs from around the world.

<u>Art-</u> We will be exploring the use of tone when shading pictures to create work in the style of a mural inspired by Nancy McCroskey.

<u>PSHE-</u> We are looking at the qualities of being a good friend.

<u>RE-</u> We will be finding out about Easter, learning about symbols of Christianity and celebrations.

<u>Computing -</u> We are exploring and investigating the impact of the internet on the world.

<u>Maths-</u> We will be furthering our understanding of place value and using these skills in other contexts such as addition and subtraction.
